

# Care + Career Success Plan

What are my ultimate career goals?

**Consider the following goals. Check any that apply:**

- Earn a national certification
- Work full-time starting a career in healthcare after I graduate
- Work part-time in a healthcare job while furthering my education

## Make the goal SMART

**Specific** What, exactly, do you want to achieve?

*Example: I will earn a national certification for medical assisting.*

**Measurable** How do you know when have reached your goal?

*Example: I will pass the exam.*

**Attainable** What steps can you take to ensure you can reach this goal?

*Example: I will complete three practice exams, using Focused Review® to help me improve my weakest areas.*

**Relevant** How does this goal align with your life plans?

*Example: Earning a national certification will help me on my path toward becoming a nurse.*

**Timely** When do you want to achieve this goal?

*Example: I will take my exam in May of next year.*

## Review My Reality

How far do I have to go to achieve my goal?

When will I check back on my progress?

## Steps to Success

First, I will

Next,

Then,

I will be successful when I
